Dear Spelmanite:

Welcome and congratulations on your acceptance to Spelman College! I am Letitia DeNard Coordinator of Inclusion and I am responsible for keeping you connected to campus life. We do this by providing a commute lounge, lockers, lunch 'n listen workshops, and other culturally diverse programs and services.

In addition, my office is responsible for assisting commuters with finding housing. There are two ways for you to search for housing. The office is pleased to announce that you can now view an electronic version of properties from our website at www.spelman.edu/students/commuter. Attached to this you will find a document containing apartments that attended the 2016-17 Off Campus Housing Fair.

The information is provided as a courtesy of the Office of Inclusion in the Division of Student Affairs. Please note neither Spelman College nor the Office of Inclusion are responsible for any issues/circumstances that may arise when renting properties mentioned either in the attached documents or online. You are encouraged to visit the property of interest to determine if it is conducive to your needs and lifestyle.

If you have any questions, feel free to contact me at 404.270.5143.

By reading this, it confirms that you have read the above statement and understand that Spelman College does not endorse, nor does it recommend any of the residences included on the list.

Sincerely,

Letitia J. DeNard
